Announcement Concerning Shutdown of Tokushima Tsuda Biomass Power Plant

RENOVA, Inc. (hereinafter “RENOVA”) announces that Tokushima Tsuda Biomass Power Plant, which is owned by its consolidated subsidiary, Tokushima Tsuda Biomass Power Plant G.K., suspended operation on July 8, 2026, due to an abnormal pressure that occurred within the high-pressure turbine equipment during operation. As a result of the inspection to date, damage to the steam control valve connected to the high-pressure turbine was confirmed. RENOVA announces that it has decided today to proceed with parts repair in preparation for the resumption of operation in July 2026 (planned).

Since this suspension of operation is within the scope of unscheduled suspension days anticipated in the initial plan for the entire biomass power generation business, there is no impact on the consolidated financial results forecast for the current fiscal year (ending March 31, 2027).

RENOVA will promptly disclose any other matters that should be announced as and when they arise.

(Reference) Consolidated financial results forecast for the current fiscal year (ending March 31, 2027) (IFRS) ^{*1} and actual results for the previous fiscal year

(Units: million yen)

	Revenue	EBITDA ^{*2}	Operating profit	Profit for the period attributable to owners of the Parent	Basic earnings per share
Forecast for the current fiscal year that has been announced	95,700	33,800	11,300	3,400	37.61 yen
Results for the previous fiscal year (ended March 31, 2026)	87,622	30,526	8,283	3,308	36.59 yen

^{*1} Announced on May 13, 2026

^{*2} EBITDA = Revenue - Fuel expenses - Outsourcing expenses - Payroll and related personnel expenses + Share of profit (loss) of investments accounted for using the equity method + Other income - Other expenses
